Honoring our past

The Minneapolis Plan

In order to serve the needs of the City of Minneapolis and to meet the conditions of the Metropolitan Land Planning Act, the City of Minneapolis has developed a comprehensive plan entitled The Minneapolis Plan. The plan consists of four volumes, a Policy Document and three Technical Appendices. Two additional documents – Downtown Minneapolis 2010 and Minneapolis Mississippi River Corridor Critical Area Plan – are also components of the comprehensive plan but are limited in their geographic scope. These documents may be obtained from the Community Planning and Economic Development Department, Planning Division.

This version of *The Minneapolis Plan* has been adopted by the City Council and the Mayor. Seven amendments have been made to the plan since original adoption.

Comments may be directed to the Community Planning and Economic Development Department, Planning Division.
